Doctor
JUAN FELIPE CONDE
Coordinador Administrativo
Transporte Ambulatorio Médico-TAM

Por medio de la presente me dirijo a usted con el fin de presentarle el informe correspondiente sobre el Sistema de Posicionamiento Global (GPS) instalado en la móvil 5792; Desde el momento de la instalación de dicho dispositivo se ha visto una mejoría en los tiempos de respuesta debido a su precisión en cuanto a la ubicación de direcciones y a su fácil manejo, además sirve como herramienta para la toma de rutas alternas y ubicación de puntos de interés como lo son Hospitales de diferente nivel de complejidad; también nos muestra un panorama actualizado de las diferentes vías de la ciudad, y nos orienta en que dirección girar y distancia a la cual hacerlo en un lenguaje de fácil comprensión.

En resumen, considero que la adquisición del GPS ha sido de gran utilidad en el desempeño de nuestra labor diaria, facilitándonos la llegada a los lugares de solicitud y de esta forma brindar una atención mas oportuna.

Agradeciendo la atención prestada
