

Estimated Natalia Baczyk,

I am writing to formally request your consent for the release and uploading of the pseudonymized report I am currently preparing in collaboration with Fronius. This report is being prepared as part of my bachelor thesis for my Bachelor of International Business Management at Universidad del Rosario in Colombia.

To ensure confidentiality and protect sensitive information, the report will be pseudonymized before being uploaded to the university's database. The uploaded version will not be subject to any modifications post-release and will be blocked for a period of two years.

It is important to note that this report is not a regular project report but serves specifically as my bachelor thesis. As such, it is an individual academic requirement and not intended for the rest of the team.

For the university to proceed with the uploading of this report, your express written consent is required in advance. This consent will confirm your agreement to the terms of pseudonymization, the two-year blocking period, and the pseudonymized name used in the report. Below is the proposed pseudonymized name for your approval:
