

RESULTS SECTION CHECKLIST

Use this checklist to ensure that the results section of your research report follows common standards of academic reports written in the English language.

DESCRIPTION OF RESULTS

Aspects to consider	Was this attempted/ achieved?	How can it be improved?
The results of my study are connected to my research question or research hypotheses. <i>e.g. research question/hypotheses are restated in the paragraph and answered based on the results for each research question/hypotheses.</i>		
Research question/hypotheses are addressed separately to help readers understand the results.		
Graphs and tables are included to make results clear. <i>e.g. each table/graph is clearly explained in the paragraph.</i>
