Agustina Olivera

Coordinator

OAS Internship Program

November 26, 2025

OAS

November 26, 2025

To whom it may concern,

It is with great pleasure that I highly recommend Mrs. Laura Juanita Curcho Achagua, who successfully participated in the **2025 Session III (National Offices) of the OAS Internship Program from September 4, 2025 to November 26, 2025**. Mrs. Curcho Achagua was assigned to the Mission to Support the Peace Process in Colombia MAPP/OAS, under the supervision of Ms. Christian Rodriguez.

The OAS Internship is a very competitive program for students and young professionals who desire to expand, or complement, their knowledge of Inter-American Hemispheric issues. Since we look for individuals with strong motivation and commitment, academic excellence and extracurricular activities are essential qualifications in the selection process.

Mrs. Curcho Achagua has attended at least 80% of the virtual weekly meetings hosted by senior OAS officials to provide interns with a clear insight into the Organization's overall activities. Weekly meetings also included virtual visits to other international organizations, such as the Inter-American Development Bank and the World Bank, to increase interns' understanding of the international environment in which they operate.

Mrs. Curcho Achagua is a young professional who has demonstrated a willingness to learn about our Organization and an interest in her professional development. These are excellent attributes that contributed to her success in the Internship Program.

In conclusion, I can confirm that Mrs. Curcho Achagua completed the Program to our highest expectations, and I am pleased to add my appreciation for her work.

Sincerely,

Agustina Olivera
OAS Internship Program Coordinator
