The Research **Ecosystem at UR**

With 5 academic centers, 42 groups and one institute dedicated to research, the Universidad del Rosario has seen increased scientific production and financed 178 research projects in the last decade. This is the ecosystem that makes research possible at the UR:

- Institute of Applied Economic Analysis at Universidad del Rosario (IDEAR)
- Faculty of Economics • A1

Faculty of

Economics

Social Studies in Sciences, Technologies, and Professions Research Group . B

- Centre for the Study of Theology and Religions (CETRE)
- Aesthetics and Politics Research Group • A1
- Identity Studies Research Group B
- Applied Ethics, Labor and Social Responsibility Research Group •
- Research Group on Education and Development • C
- Logic, Epistemology, and Philosophy of Science Research Group . C

School of Human Sciences (ECH)

- Biochemistry and Biotechnology Research Group (BIO-BIO) A
- Center for the Study of Autoimmune Diseases Research (CREA) A1
- Center for the Study of Physical Activity Measurement (CEMA) B
- Rehabilitation Sciences Research Group B
- Medical Education and Health Sciences Education Research Group B
- Studies in Behavioral Sciences Research Group A1
- Colombian Foundation Institute of Colombian Immunology (FIDIC) A1
- GENIUROS A1
- GiBiome Research Group C
- Health, Cognition, Work Research Group (GiSCYT) A
- Traditional Health Systems Research Group C
- Clinical Research Group B
- Public Health Research Group B
- Neurosciences Research Group (NEUROS) A1
- People, Family, and Society Research Group A
- Translational Medicine Research Group C
- Méderi Research Group

 - Center for the Study of Autoimmune Diseases Research (CREA) Center for the Study of Physical Activity Measurement (CEMA) Center for Research on Genetics and Genomics

 - Center for Clinical Simulation

Management and

Administration • A1

School of **M**anagement

School of **Medicine** and Health Sciences (EMCS)

Institute for Translational Medicine (IMTUR)

 Political and International Studies Research Group (CEPI) • A1

Human Rights Research Group • B

International Relations

- International Law Research Group B
- Criminal Law Research Group B
- Private Law Research Group B
- Public Law Research Group A1

Faculty of Jurisprudence

Cultural and Historical Heritage Unit

Faculty of
Natural
Sciences and
Mathematics
(CNYM)

- History of the Universidad del Rosario
- Basic Medical Sciences A1
- Evolutionary Genetics, Phylogeography, and the Ecology of Neotropical Biodiversity Research Group • A1
- Microbiology Research Group (GIMUR) A1
- Functional and Ecosystem Ecology Research Group (EFE) C
- Natural History of Tropical Plants Research Group
- Applied Mathematics and Computation (MACC) C
- Nanotech Research Group
- Cannon Research Group
- Natural Sciences and Mathematics Education Research Group

Research groups are presented according to the Colciencias 2016 classification. According to Colciencias, there are four categories for these groups: A1, A, B, and C, with A1 being the highest. The groups are classified based on their scientific products and their affiliated researchers.
